I have attached an updated agenda for this week's meeting. I updated the publication list given lots a recent activity both in terms of published and submitted work (great job team!). If you have any other updates for me please send them along. Have also added info on the rainwater work based on a recent meeting amongst John, Santosh, and I; we will provide an update to the broader team. Have also attached a files from Sarah on the AWG LCA work for discussion; this will be the major topic for discussion.
